

Northwest Oboe Cane

Hand Made Professional Oboe Reeds - \$30 each

Oboe Cane

John Ferrillo & Robin Driscoll Gouging Machines

Gouged Cane - \$4.25 each piece

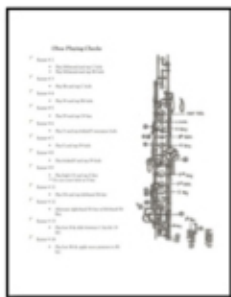

Gouged & Shaped (Mack + Shaper Tip) - \$4.75 each piece

We choose only the best pieces and reject around 2/3rds of the cane we process. We set our gouging machines to .59-.60 mm in the center and .47-.48 mm on the sides. We also only gouge and sell 10-10.5 mm diameter cane unless we have a special request for a different size. The measurements of the gouge and straightness of the pieces are the most important elements to making an up-to-pitch sealed reed.

11 X 11 Laminated Oboe Reed Making Chart - \$20

This hand drawn chart explains in detail how to make professional quality oboe and English horn reeds. It was created for the Indiana University reed room in 2008.

Oboe Playing & Adjustment Checks Chart - \$15

This is an easy to understand guide to basic oboe repairs.

Peter Leuthner

PL Class® French Cut Professional Clarinet

Reeds: \$41.50 (box of 10)

This reed combines the French style of playing with the Viennese tonal tradition. We find that no other brand matches the consistency of the Leuthner PL Class Clarinet reeds.

OUR MISSION: We want to offer the highest level products and customer service possible.
